Citizen Science Practices in Cultural Heritage: towards a Sustainable Model in Higher Education

Image: Group portrait of the students of the 6th year of the Second Teaching Institute in the cloister of the Old Institute in Girona. Ajuntament de Girona, Public Domain. Aggregated by PHOTOCONSORTIUM in Europeana.eu.

CitizenHeritage (2020-2023) is a Strategic Partnership project funded by the European Commission in the frame of the Erasmus+ Programme. CitizenHeritage aims to provide Higher Education Institutions with novel approaches to include citizen science initiatives into their curricula and teaching&learning activities, in collaboration with Cultural Heritage Institutions.

The project successfully concluded with a variety of **results and useful resources** for Universities and Cultural Heritage Institutions who want to understand, experiment with, and assess participatory approaches and methodologies to enable Citizen Science and crowdsourcing.

The project's research was validated and shared in a number of **participatory workshops and dissemination events** onsite and online all around Europe.
